*The future is inevitable and the need to prepare and plan for it is critical. Technology continues to provide us with tools that gives us opportunities to not only provide greater service to our constituencies, but to "Advance our Future Value". It is a central tenet for all of us to move our agencies and companies into the future or we jeopardize our effectiveness and our relevancy.*

*Jeffrey L. Painter, Chairman of the Virginia Alcoholic Beverage Control Authority and NABCA's Chairman of the Board, encourages you to save the date and plan to attend NABCA's 82<sup>nd</sup> Annual Conference taking place May 20<sup>th</sup> – May 23<sup>rd</sup> at the JW Marriott Marco Island.*

*Our programming has been specifically curated to fit the Advancing Our Future Value theme and provide you the tools, techniques and education you need to ensure you are prepared for what lies ahead in our industry. With that, to advance our future we must understand where we are coming from. Please join us to learn, discuss, share and network with your peers to better prepare for what the future has in store for us.*
