The Iowa Alcoholic Beverages Division (ABD) is created within the Department of Commerce to administer and enforce the laws of Iowa concerning alcoholic beverage control.

The Administrator of the ABD is appointed by the Governor, subject to the confirmation by the Senate, to a four-year term. The Administrator is responsible for overseeing ABD’s day-to-day operations.

The Iowa Alcoholic Beverages Commission is a five-member body, appointed by the Governor and subject to confirmation by the Senate. The Commission acts as a policy-making body and serves in an advisory capacity to the Administrator.

State law prohibits dry localities. All counties are wet.

In 1934, with the enactment of the Iowa Liquor Control Act, Iowa became one of the first Control states. The state regulates the traffic in alcoholic liquors for the protection of the welfare, health, peace, morals, and safety of the people of the state.

In 1985, the state exited its role as sole wholesaler and retailer of wine, paving the way for private sector businesses to enter the marketplace. In 1987, further government reorganization removed the state from the retail tier for alcoholic liquor. Today, the state retains control of the wholesale distribution of alcoholic liquor in Iowa.

The Division is responsible for the licensing and permitting of alcoholic beverages retailers, wholesalers, manufacturers, importers and brokers. It is responsible for licensee compliance with alcohol laws, but does not have police powers for enforcement.

The Iowa Program for Alcohol Compliance Training (I-PACT) provides licensees with the necessary resources and knowledge to be successful in their business operations and to establish and maintain an excellent record of compliance.
